RE: Company Event on Saturday

Dear Sir:

I just wanted to thank you for coming to perform for our Employees and their families on Saturday. I believe everyone truly enjoyed watching you perform because you made it funny and interesting at the same time. I know some of the kids were really impressed and wondered how you did some of those tricks.

I do apologize that everything with our schedule did not run as smoothly as possible, but I was very thankful that you were willing to work around that.

I would definitely recommend using you to anyone and if we have another event like that again, we will be calling on you to help provide in the entertainment.

Thanks again!

Sincerely,

Lisa Haskin
Office Manager
