Dear Chastain:

Thank you for lecturing for our Assembly on March 18, 2006 – the members enjoyed your lecture immensely. In addition to the entertainment and very useable magic you presented, we really appreciated the detailed yet comprehensive explanations of each effect's method. Moreover, we valued the professional manner in which you conducted your lecture.

I would, as I suspect most of our members would, readily recommend your lecture to other magic clubs. Please feel free to use me as a reference should you choose to do so.

Again, thank you for your wonderful lecture!

Kind regards,

R. Trent Codd, III

President, Western North Carolina Assembly of the Society of American Magicians
